## Services Protecting Your Interest

In an ever-evolving work environment and laws in the Kingdom of Saudi Arabia and beyond, and whether you're an individual or a commercial entity, you need to feel safe and confident; you need to feel as if you're standing on solid grounds that enable you to propel forward and focus on your business and excel to achieve and grow.

Altwijri Law Firm provides you with that and more through comprehensive legal services for companies, establishments, and businessmen.

We, Allah willing, enable your business to adhere to the laws. We help you protect your financial rights, social interests, properties, and assets. All of this can be achieved by undertaking three main paths: litigation, legal counsel, and liquidation of inheritance.

## Legal Counsel

When it comes to professional or formal opinions about a legal matter or procedure, we at Altwijri Law Firm analyze a number of facts and objective circumstances to aid the individual or entity in choosing the correct work path based on the systems and laws in these main areas

◆ **Legalization**

We formulate the rules and regulations projects, and review them in cooperation with governmental entities.

◆ **Corporate Governance**

We formulate rules, regulation, policies, and internal standards in the companies and review them according relevant rules.

◆ **Managing merging and acquisition**

We legally manage merging and acquisition deal. Starting with early understanding, formulating and reviewing agreements and contracts, reaching the management of legal procedures to finalize the deal.

◆ **Partial Counsel**

We formulate and review contracts, agreements, discourses, and legal documents that are not under the previously mentioned fields. In addition, we provide legal counsel to our clients.

## Litigation

At Altwijri Law Firm, we bear the burdens of our clients' legal disputes; especially the real estate, commercial, and financial disputes. As well as the disputes branching off the companies' systems. Most notably, we do the following tasks among others:

◆ **Legal Representation**

Representing the parties of the dispute in front of the judicial and quasi- judicial bodies. In addition to handling lawsuits to prosecute or defend. By attending hearings and drafting regulations and memos as well as undertaking the procedures of lawsuits and enforcement of sentences.

◆ **Arbitration**

We judge between the claimants and separate their disputes according to the arbitration system and its regulations in the Kingdom of Saudi Arabia, and the relevant laws and systems.

## Liquidation of Inheritance

Liquidation of Inheritance is considered one of most important sensitive legal operations because it requires the distribution of properties and assets according to Sharia laws and appropriate justice between Inheritors. It must also help limit the possibilities of disputes between them. That is why we take all the necessary legal procedures to protect the rights of involved parties through the following actions and with complete confidentiality.

### ◆ Voluntary Liquidation

We begin the procedure by gathering the inheritors and the elements of inheritance then deal with the elements based on what inheritors agree upon according to specific legal procedures. We also complete all legal procedures required for each inheritor to receive his or her share. All of the steps are documented legally to ensure the protection of the relevant individuals' rights.

### ◆ Compulsory Liquidation

We represent the inheritors in disputes related to inheritance and any others branching from it. All required legal procedures are undertaken by us to ensure the client receives his or her share of the inheritance.
